

Retirement Solutions

Candidate Pack

Becoming part of the TPT Team

We are TPT Retirement Solutions

TPT Retirement Solutions (TPT) is one of the UK's leading providers of workplace pensions, with almost 80 years' experience of managing defined benefit (DB) and defined contribution (DC) pension schemes.

Our mission is to make pension schemes perform better for everyone, from sponsoring employers and trustees to the members who are saving for the future. We are innovative and forward thinking, investing in technology to improve the services we provide. The fact that we are owned by a pension fund enhances the way we work with our clients, and on behalf of their pension scheme members, to achieve their goals.

Better outcomes are just as important as they always have been, and TPT continues to play an important role in the changing pensions landscape.

A message from our CEO

Thank you for taking an interest in becoming part of TPT.

We may have been around for 80 years, but we've not stood still and will continue to change and innovate to bring value for members, employers, and professional trustees with a view to growth and career development for our people too.

We employ people who do the right things in the right way. It's an approach that means TPT is a great place to work. This pack is designed to help you get a feel for what it's like to work with us and help you decide whether you can see yourself as part of our team.

At TPT we have an important job to do and that's to secure the best possible future for our members. We make pensions perform better for all our stakeholders; delivering pension schemes that members, employers, and trustees can have complete confidence in, safe in the hands of experts with a passion to support them and engage with them.

We manage schemes based on knowledge and insight, so they can achieve better outcomes now and in the future. For the things we can't always predict, like market turbulence or new legislation, we have a long track record of adapting and innovating. It's what makes us one of today's leading pension providers.

Our purpose is ingrained into everything we do, the people we employ and the investments we choose.

We have a bold vision for our future that makes more of our capabilities, will grow our business and deliver innovative products all the while delivering customer excellence in everything we do.

During 2024/25, we further broadened our range of solutions to include standalone fiduciary management, delivered by TPT Investment Management and launched our first of its kind managed retirement income for life offer.

We've also announced our plans to launch our own pioneering CDC scheme and our intention to launch a new Defined Benefit (DB) Superfund.

And, finally, we delivered our much-improved DC offering. The on-line servicing platform and "to-and-through retirement journey" we have created sets a new standard for DC members. It's the kind of innovation that government, regulators and the wider industry are looking for, and we are delighted to bring these to market.

There is much and more to do. It's an exciting time to join us.

David Lane
Chief Executive Officer, TPT

Why join TPT?

We think that TPT is an exceptional business, and it always has been. But now more than ever it is an exciting place where you will have the autonomy to deliver in your role, have the support to flourish and develop your career ambitions.

We've grown in so many ways in recent years. To the outside world, we've expanded our range of products and services, and that's driven interest from the industry, clients and the media.

Our recent growth has broadened our product range and increased industry interest. Joining us at this exciting time means contributing to our vision, developing your skills, and enjoying a caring, inclusive culture.

You'll play a vital part in our growth ambitions, have the chance to progress your career, develop your skills and enjoy a culture where people really care about what they do.

Our annual colleague survey revealed a lot of positive insights into our work environment and highlighted some areas that we can continue to enhance. We're proud to have a culture where people feel confident to share their thoughts, knowing their feedback will be heard and valued.

In 2025...

84 new joiners

13 internal moves

160 colleagues trained in change management

354 hours of time given back to local causes

"We can't achieve a fraction of our gifting goals without volunteering teams like TPT's. They went above and beyond to pack almost 4,500 books for five schools in and around Leeds."

Laura Thompson
Volunteer Manager,
Children's Book Project

Employees of the Year 2025

Tim Fairclough,
Actuarial Services Managers

Elizabeth Gray,
Administration Team Leader

"I've recently joined TPT and have been impressed with the welcoming, supportive environment. Things are moving very quickly and there is a need to perform, but colleagues have been clear with their expectations and support one another."

"The company wants to do the right thing, either socially, for its staff or for its customers"

"Good learning opportunities, flexible culture, strong sense of collaboration"

"The company seems to go out of its way to provide benefits and incentives that help make working here more rewarding. I enjoy my work and can also directly see the impact my contribution has"

"The ambition of the business to grow, through new solutions and strong governance. There are many opportunities to get involved in this ambition, individuals have the freedom to take responsibility and show accountability."

"The organisation cares about its staff and offers interesting career opportunities."
